## **Resurfacing Project, Pedestrian Ramp Improvements along Illinois 60/83 from the EJ&EE Railroad to Illinois 21**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that daytime lane closures will take place on Illinois 60/83 between the Wisconsin Central railroad tracks and Illinois 21, in Vernon Hills, Libertyville and Mundelein, beginning, weather permitting, Monday, July 24. The closures are necessary for a resurfacing and pedestrian safety improvement project.

In order to complete the work, daytime lane closures will take place on Illinois 60/83 between the EJ&EE railroad tracks and Illinois 21 while construction activities are taking place. Temporary sidewalk closures also will be required.

The scope of the project consists of roadway resurfacing, pavement patching and drainage improvements, as well as curb and gutter reconstruction. The project will enhance safety for pedestrians by improving sidewalk ramps to meet Americans with Disabilities Act (ADA) requirements.

The overall project is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
